

Developers are coming to build More Houses in Honeybourne

**The Government's policy is to continue house building
as thousands more are needed**

**The South Worcestershire Development Plan is now in
place but dictates the minimum development numbers
which can and will be exceeded in rural villages**

**Nimbyism won't stop them coming or will a
Neighbourhood Development Plan (NDP)**

**But the NDP can help control how many are built in fixed
time scales and where they are built**

**The Honeybourne NDP can only be created by the
community and it needs parishioner support**

**Come along to the NDP meeting on the 14th
December at the Gate Inn at 7.30pm**

Remember; Apathy is the Developers friend

Get involved, support you community NDP

Phone the parish Clerk for more details 01789 773 999
